Pond Newsletter

We hope this newsletter finds you well! As summer approaches, we want to remind you of the importance we place on maintaining the ponds throughout Heritage Isle. A properly maintained pond not only adds to the beauty of our community but also supports the health of local wildlife.

Here are some things to keep in mind when it comes to pond maintenance:

1. Appearance: A well-maintained pond should have healthy aquatic plants, and an appropriate level of algae growth. The pond should not have an unpleasant odor or be covered in trash or debris. If you notice any of these issues, please email bmendes@rizzetta.com
2. Timing: **Solitude Lake Management** is the CDD's pond maintenance contractor and conducts services on our ponds twice a month - seeing each pond at least once a month. The frequency of maintenance depends on factors such as pond size, and location.
3. Contacting Management: If you notice any issues with our ponds, it's important to contact our CDD Management Company as soon as possible. This can include concerns about water quality, fish health, or potential hazards such as broken pipes or erosion. Please email Heritageisle@rizzetta.com
4. Expectations: Having clear expectations regarding the services provided by our pond management company is crucial. In addition, referring to the pictures below can be helpful when contacting management regarding plant and algae control.

Signs that the Aquatic Plants & Algae have been Treated

Maintaining a healthy and beautiful pond is essential for the well-being of our community and the local environment. By following these guidelines and working closely with our pond management company, we can ensure that our ponds are a source of pride for years to come.

Best regards,

Your Board of Supervisors

SERVICES CONTRACT

CUSTOMER NAME: Heritage Isles at Viera CDD
SUBMITTED TO: Melissa Dobbins
CONTRACT DATE: 9 June 2023
SUBMITTED BY: Stephen AmRhein
SERVICES: One time enzyme treatment all ponds

This agreement (the "Agreement") is made as of the date indicated above, and is by and between SOLitude Lake Management, LLC ("Solitude" or the "Company") and the customer identified above (the "Customer") on the terms and conditions set forth in this Agreement.

1. The Services. SOLitude will provide services at the Customer's property as described in Schedule A attached hereto:
2. PAYMENT TERMS. The total fee for services is **\$7,430.00**. The Customer will be invoiced by SOLitude following completion of the Services.

For any work completed or materials in storage on the customer's behalf at the end of each month, the company will invoice and the customer will be responsible for paying the percent of the total work completed as of that date, less any previous deposit paid. Should the work performed be subject to any local, state, or federal jurisdiction, agency, or other organization of authority for sales or other taxes or fees in addition to those expressly covered by this contract, customer will be invoiced and responsible for paying said additional taxes in addition to the fee above. Customer agrees to pay all invoices within thirty (30) days of invoice date. The Customer will be liable for any returned check fees and any collection costs, including reasonable attorney fees and court costs, for any invoices not otherwise timely paid, and interest at the rate of 1% per month may be added to all unpaid invoices. Company shall be reimbursed by the Customer for any non-routine expenses, administrative fees, compliance fees, or any other similar expense that are incurred as a result of requirements placed on the Company by the Customer that are not covered specifically by the written specifications of this contract.

3. TERM AND EXPIRATION. This Agreement is for a one-time service as described in the attached Schedule A. Any additional services will be provided only upon additional terms as agreed to by the parties in writing.
4. DISCLAIMER. SOLitude is not responsible for the failure of any treatment, equipment installation, or other work that result from dam or other structural failures, severe weather and storms, flooding, or other acts of God that are outside of the control of SOLitude. Customer understands and acknowledges that there are irrigation restrictions associated with many of the products used to treat lakes and ponds. The customer is responsible for notifying SOLitude in advance of the contract signing and the start of the contract if they utilize any of the water in their lakes or ponds for irrigation purposes. The customer accepts full responsibility for any issues that may arise from the irrigation of turf, ornamentals, trees, crops, or any other plants as a result of treated water being used by the customer for irrigation without the consent or knowledge of SOLitude.

Recipient may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SOLitude Lake Management. This document is provided to the recipient in good faith and it shall be the responsibility of the recipient to keep the information contained herein confidential.

Although there is rarely direct fish toxicity with the products used for treatment when applied at the labeled rate, or the installation and normal operation of the equipment we install, there is a risk under certain circumstances of significant dissolved oxygen drops. This risk is most severe in times of extremely hot weather and warm water temperatures, as these are the conditions during which dissolved oxygen levels are naturally at their lowest levels. Oftentimes lakes and ponds will experience natural fish kills under these conditions even if no work is performed. Every effort, to include the method and timing of application, the choice of products and equipment used, and the skill and training of the staff, is made to avoid such problems. However, the customer understands and accepts that there is always a slight risk of the occurrence of adverse conditions outside the control of SOLitude that will result in the death of some fish and other aquatic life. The customer also understands and accepts that similar risks would remain even if no work was performed. The customer agrees to hold SOLitude harmless for any issues with fish or other aquatic life which occur as described above, or are otherwise outside the direct control of the SOLitude, unless there is willful negligence on the part of SOLitude.

While SOLitude Lake Management LLC makes every effort to thoroughly inspect the site before providing this contract proposal or beginning any work, it is possible, without fault or negligence, that unforeseen circumstances may arise, or that hidden conditions on the site might be found in the course of the performance of the contract work, which would result in additional time or material costs that exceed this contract pricing. Should this occur, the customer will be notified of these unforeseen circumstances or conditions and be responsible for the costs associated with remedying. By signing this agreement, the customer acknowledges that they have informed SOLitude Lake Management® of all known and relevant current site conditions that would be reasonable to expect could affect our ability to successfully complete the contract work.

5. INSURANCE AND LIMITATION OF LIABILITY. Solitude will maintain general liability and property damage insurance as necessary given the scope and nature of the Services. The Company will be responsible for those damages, claims, causes of action, injuries or legal costs to the extent of its own direct negligence or misconduct, and then only to an amount not to exceed the annual value of this Agreement. In no event will any party to this Agreement be liable to the other for incidental, consequential or purely economic damages.

6. FORCE MAJEURE. The Company shall not be liable for any delay in performing the Services, nor liable for any failure to provide the Services, due to any cause beyond its reasonable control.

7. ANTI-CORRUPTION AND BRIBERY. Each party represents that neither it nor anyone acting on its behalf has offered, given, requested or accepted any undue financial or other advantage of any kind in entering into this Agreement, and that it will comply with all applicable laws and regulations pertaining to corruption, competition and bribery in carrying out the terms and conditions of this Agreement.

8. GOVERNING LAW. This Agreement shall be governed and construed in accordance with the laws of the state in which the Services are performed.

9. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the parties with respect to the subject matter and replaces any prior agreements or understandings, whether in writing or otherwise. This Agreement may not be modified or amended except by written agreement executed by both parties. In the event that any provision of this Agreement is determined to be void, invalid, or

unenforceable, the validity and enforceability of the remaining provisions of this Agreement shall not be affected.

10. NOTICE. Any written notice provided under this Agreement may be sent via overnight mail, certified mail, hand delivery or electronic mail with delivery confirmation, to the individuals and addresses listed below.

11. BINDING. This Agreement shall inure to the benefit of and be binding upon the legal representatives and successors of the parties.

12. FUEL/TRANSPORTATION SURCHARGE. Like many other companies that are impacted by the price of gasoline, a rise in gasoline prices may necessitate a fuel surcharge. As such, the Company reserves the right to add a fuel surcharge to Customer's invoice for any increase in the cost of fuel as measured above the same time period in the prior year (by the National U.S. Average Motor Gasoline-Regular Fuel Price per Gallon Index reported by the U.S. Department of Energy). The surcharge may be adjusted monthly (up or down) with the price of gasoline.

SCHEDULE A – SERVICES

Biological Augmentation:

1. Lake(s) will be inoculated with a combination of Beneficial Aerobic Bacteria, Enzymes, and other microbial or natural nutrient binding and limiting products as required for the proper maintenance of the lake(s) once the sustained water temperature reaches approximately 55 degrees.
2. Lake(s) will receive maintenance rate applications of Beneficial Aerobic Bacteria, Enzymes, and other microbial products throughout the contract period, or until such time as the sustained water temperature drops below 50 degrees.
3. Application of Beneficial Aerobic Bacteria, Enzymes, and other microbial products are made for the purpose of metabolizing excess nutrients in the water and digesting organic matter and bottom sludge, thus removing the primary cause of algae and preventing future algae growth.
4. Reduction in the amount of organic matter and bottom sludge in the lake will also help to extend the overall life of the lake and reduce the amount of maintenance dredging required to maintain the functionality of the lake.

Permitting (when applicable):

1. SOLitude staff will be responsible for the following:
 - a. Obtaining any Federal, state, or local permits required to perform any work specified in this contract where applicable.
 - b. Attending any public hearings or meetings with regulators as required in support of the permitting process.
 - c. Filing of any notices or year-end reports with the appropriate agency as required by any related permit.
 - d. Notifying the Customer of any restrictions or special conditions put on the site with respect to any permit received, where applicable.

Customer Responsibilities (when applicable):

1. Customer will be responsible for the following:
 - a. Providing information required for the permit application process upon request.
 - b. Providing Certified Abutters List for abutter notification where required.
 - c. Perform any public filings or recordings with any agency or commission associated with the permitting process, if required.
 - d. Compliance with any other special requirements or conditions required by the local municipality.
 - e. Compliance and enforcement of temporary water-use restrictions where applicable.

General Qualifications:

1. Company is a licensed pesticide applicator in the state in which service is to be provided.
2. Individual Applicators are Certified Pesticide Applicators in Aquatics, Public Health, Forestry, Right of Way, and Turf/Ornamental as required in the state in which service is to be provided.

Competitively Sensitive & Proprietary Materials – The information contained herein is the intellectual property of SOLitude Lake Management. Recipients may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SOLitude Lake Management. This document is provided to the recipient in good faith and it shall be the responsibility of the recipient to keep the information contained herein confidential.

3. Company is a SePRO Preferred Applicator and dedicated Steward of Water. Each individual applicator has been trained and educated in the water quality testing and analysis required for prescriptive site-specific water quality management and utilizes an integrated approach that encompasses all aspects of ecologically balanced management. Each applicator has received extensive training in the proper selection, use, and application of all aquatic herbicides, algaecides, adjuvants, and water quality enhancement products necessary to properly treat our Customers' lakes and ponds as part of an overall integrated pest management program.
4. Company guarantees that all products used for treatment are EPA registered and labeled as appropriate and safe for use in lakes, ponds, and other aquatic sites, and are being applied in a manner consistent with their labeling.
5. All pesticide applications made directly to the water or along the shoreline for the control of algae, aquatic weeds, or other aquatic pests as specified in this contract will meet or exceed all of the Company's legal regulatory requirements as set forth by the EPA and related state agencies for NPDES and FIFRA. Company will perform treatments that are consistent with NPDES compliance standards as applicable in and determined by the specific state in which treatments are made. All staff will be fully trained to perform all applications in compliance with all federal, state, and local law.
6. Company will furnish the personnel, vehicles, boats, equipment, materials, and other items required to provide the foregoing at its expense.

Competitively Sensitive & Proprietary Materials – The information contained herein is the intellectual property of SOLitude Lake Management. Recipients may not disclose to any outside party any proprietary information, processes, or pricing contained in this document or any of its attachments without the prior written consent of SOLitude Lake Management. Tab 2

Hi, Please send this report to the board supervisors .

Juniper took over Landscape maintenance operations on 1 July 2023. They came prepared and have been working very hard at getting control over the CDD property. With one Landscape vendor on property, we are able to more efficiently maintain not just CDD but homeowner lots and clubhouse property.

As I previously mentioned, BrightView didn't leave CDD property in the best of shape. However, Juniper stepped up and during their first month have accomplished plenty of work.

Mowing- synchronized the mow pattern with homeowner lots. Each week they completed all mow requirements including all lake banks , parks and Legacy Blvd. They are focusing on bed edging to improve definition . And they are now using a large mower 104" machine to cut some of the larger CDD areas which saves time and will allow the crews to focus more attention on the small detail crew.

Turf- quality is improving and with all the rain and fertilizer applied, our park turf looks very healthy.

Prune- applied weed control applications on Legacy shrubs with additional resources (personnel) to service Legacy blvd. This application is applied to shrubs where weeds are showing above the shrub. After a month, there has been a noticeable improvement.

Shrubs along legacy blvd trimmed down to improve line of sight for motorists and pedestrians. This included the points at Quint and Balboa. They are now working Legacy Blvd with overall hedge trimming and making great progress.

As of this week ending 28 July, Legacy Blvd from the south entrance to the circle has been trimmed including the crepe Myrtles, lifting oak trees, shaping the ligustrums, trimming the indian Hawthorne and viburnums on each side of Legacy Blvd.

Arbor- all tall palm trees received their annual trimming. Juniper did a great job . And the price was \$5K less than what Brightview had in their annual service charge for the one time annual palm trimming.

Irrigation- both pumps fully operational. Wet checks are on going. Numerous irrigation heads and rotors on Legacy blvd are in the process of repair / replacement. And zone line repairs were completed. Although we've been having daily afternoon rain, we still need to make sure our total irrigation delivery system is available with the necessary coverage. Our wet checks are important to ensure our property has the correct coverage especially if a drought occurs. Preparation and maintenance is a must.

Refresh- getting the property back into control is requiring Juniper to focus attention on Legacy blvd and the parks. So far, a refresh has occurred in parks 3, 5 and 6. These parks had significant weed and pruning issues and now have been refreshed. Park 5 has never looked this good!

The rest of the parks will be receiving the required refresh . The property behind Galindo and phase 7 are next on the refresh list.

Poop stations- Juniper will be monitoring each station during the week and will be emptying on Monday and Thursday when other debris is collected. We've had a number of complaints about these stations. We have a lot of four legged friends here at HI.

North and South Gate entrances- shrubs pruned near the entrance signs along with lifting canopies on trees at the north gate.

Overall- junipers first month on CDD property has been very successful and impressive, and making great progress getting maintenance control of all CDD property. All scheduled services have been delivered.

BZ and Thanks!

Hi, please send out the following Landscape report to the board supervisors. This is a separate report to discuss the BrightView problems.

Landscape Report (BrightView)

BrightView- Our agreement with Brightview expired on 30 June 2023. As I mentioned in my June report, they struggled mightily during June. As a result, the property condition on 30 June was a mess. Brightview resources tapered off leaving our property in unsatisfactory condition when Juniper took over on 1 July.

I had many communications with Brightview during June via email and phone conversations with Randy Preston, the account manager and Omar Lopez, the Brightview regional manager about the problems, however the problems were not addressed adequately. At least 13 emails pointed out the deficiencies associated with General maintenance including mowing, weeding, detail, pruning and other maintenance matters. Homeowner complaints were abound!

This is not to say that no services were provided, it's just that the property didn't receive adequate services and the visible CDD property appearance on 30 June looked poorly maintained.

To make matters worse, we had an irrigation transition meeting between BrightView and Juniper on 20 June 2023. At that meeting, BrightView didn't indicate any significant irrigation issues were in play. All parties were aware that controller #6 would be the next controller requiring replacement. What we weren't told was that wet checks were not performed by BrightView in June, as such, when Juniper took over and started their wet checks they determined well over 100+ irrigation heads and rotors along Legacy Blvd were in malfunction status requiring repair.

Additionally at the close of business 30 June, a discrepancy list was prepared, and shortly thereafter sent to Omar Lopez. The list identified the following discrepancies:

- pond bank waters edge not weed whacked
- detail work on Legacy Blvd not completed
- pruning canary palms near Pacheco and Vallejo not done
- phase 4 detail not completed
- phase 7 detail not completed
- phase 8 detail not completed

A meeting between myself, Brian and Omar ensued after the holiday and on 10 July these matters were discussed. I pointed out that an equitable adjustment would be necessary against the June invoice. I went over all of the general landscape deficiencies. We asked him to provide any evidence that all the work was delivered. As of this report, we have received nothing back from him. Omar didn't agree to any reduction outside of the \$10K credit for the tall palm tree pruning. The credit is a rebate back to the CDD for 6 months of services not provided for the annual palm tree pruning.

We reached an impasse. I provided the detail to Wes, Melissa and Brian for their action. In the mean time, they are holding any BrightView invoices until this is all sorted out.

What I find very disappointing was BrightView's lack of responsibility to properly maintain our CDD property here at Heritage Isle as they neared the end of their agreement with the CDD. And in my opinion they didn't leave our property on a high note!

More to follow.

Landscape Report 1 June-30 June 2023

With the board decision to switch landscapers from Brightview to Juniper, I've been focusing attention for turnover to Juniper.

During the CDD meeting on 23 May we discussed the tall palm tree pruning which we were planning for BrightView to schedule the annual pruning before they vacated the property . However, they failed to provide a solid trimming schedule.

Our annual palm tree pruning funds with BrightView , accrue over the twelve month period. With their contract termination as of 30 June, it didn't make sense to have BrightView do the pruning. We needed an alternate solution and financial adjustment.

Juniper proposed \$15K for the tall palm pruning which was an option included in their 6 month contract proposal to prune the 633 palms (washingtonia and sable palms) which is significantly lower than what Brightview would have charged which would have been around \$20K. Also, BrightView agreed to an equitable adjustment (rebate) by providing a \$10K credit as an equitable adjustment for the period 1 January -30 June 2023. This credit will be applied to the June invoice.

Bottom line- we had Juniper perform the palm tree pruning for \$15K vs the BrightView estimate which would have been around \$20K.

CDD Solicitation Project Manual-our project manual has been updated by Bryan Schaub in anticipation for the landscape solicitation expected early fall. For example, it includes the Irrigation Agreement which addresses the CDD requirements. The solicitation will get underway around September to support proposals for the October CDD meeting. We expect to award a two year landscape contract then with a start date of 1 January 2024.

Maintenance Projects:

Removal of dead decorative grasses- the pond area behind Ahern St had a patch of decorative grasses that died. Druse provided a very reasonable proposal to remove the dead decorative grass . (project schedule date TBD).

Oak tree pruning at the front entrance- Druse provided a very reasonable proposal to prune the seven (7) oak trees at the front entrance to HI. Work was completed on 20 June.

Druse tree service removed 11 dead pine trees from Legacy Blvd. They also removed 10 dead palatka holly bushes that were near the north lift station (13-14 June). All work was completed on 14 June.

Canary palms on Vallejo and Pacheco require pruning . BrightView is on the hook to accomplish this maintenance requirement. If not done by 30 June, a deduction will be applied to their June invoice. It gets worse;

At the close of business 30 June, BrightView had maintenance requirements not completed for the month of June including the following areas. We will be working on an equitable deduction on their final invoice for work not completed.

- detail work on legacy not completed
- detail work on Wickham not completed
- canary palms near Vallejo and Pacheco not pruned
- mowing on west side of Funston not completed
- phase 4 detail not completed
- phase 7 detail not completed
- phase 8 detail not completed
- inter-connecting sidewalk shrubs not trimmed.

Juniper update:

Property overview- on 19 June, I took Bob Hargis and Chad Folds on a tour of the CDD property for further familiarization in preparation to commence operations on 1 July. I felt that the more familiarization would allow them to prepare better for landscape operations.

Irrigation turnover- on 20 June, we held a meeting between Brightview and Juniper with the irrigation turnover. There were no big irrigation items at this time. However we are watching controller #6 which will be the next controller requiring replacement. The Juniper lead irrigation technician is already familiar with the Heritage Isle irrigation infrastructure. And is ready to assume the CDD irrigation responsibilities.

Switching to Juniper allows us to deliver better service especially to homeowners . The parks and the ponds will be mowed together when the homeowner lots get serviced. They are augmenting their work force to get better control of CDD property. We look forward to working with them!

On 27 June we held our Joint Landscape Team meeting. A report of that meeting was sent via separate correspondence to the CDD board supervisors.

Tab 3

Joint Landscape Team Meeting 30 May 2023 1-2PM

The monthly Joint Landscape Team Meeting was held on 30 May 2023. The following provides the report which recaps the discussion points. All team members were present.

Landscape change: the CDD announced at their last meeting on 23 May 2023, that their contract with Brightview will be terminated effective 1 July 2023. They will continue to provide landscape services for the CDD throughout the month of June.

General Landscaping

Calendar- both Juniper and BrightView provided their input for the combined June calendar. This allows our homeowners to know when our landscapers are delivering services throughout Heritage Isle.

Mulching- general mulching throughout Heritage Isle is complete except for homeowners who paid for backyard mulch. Juniper is now in the process of completing this process within the next few weeks. As a lesson learned, and due to some confusion with mulching the Villas, a pre-mulching meeting is recommended prior to next year's mulching to ensure the mulching covers all pertinent properties.

Tree Pruning- Juniper has commenced pruning all trees on homeowner lots. First, they pruned all palms on the street side in front of each homeowner lot. Now they will be pruning every tree on each lot.

The CDD is evaluating palm tree pruning services as they transition from Brightview to Juniper.

BrightView Turnover- a turnover file will be provided from Brightview to Juniper later this month.

Irrigation

Pump#2 Filter Disc Cleaning- this pump filtration system has been approved for a filter disc cleaning . And are awaiting the scheduled date for the cleaning.

Controller Inspections- the bi-weekly controller inspections are being conducted. This allows troubleshooting any alarms that could be illuminated. Juniper will be checking the controllers next week.

Wet Checks- when wet checks are performed on homeowner lots, a door hangar is not required. However, if a work order is created, for irrigation repair work, upon completion of the repairs , door hangars are required to inform the homeowner that the repairs were completed.

Controller Budgeting- the CDD will be budgeting 9K per controller , three per year. We recently had to replace controller #2 and controller #6 is next in line for replacement action.

Major Repair- BrightView recently diagnosed a wire problem servicing the east side of Legacy near Galindo near the front gate. Repairs have been completed.

Ongoing repair- Juniper reported tampering by a homeowner who manually attempted to turn on the irrigation valve causing damage. As such the homeowner will be responsible with the repair charges. Juniper restored the valve. It is recommended that Leland send an eblast to the community about tampering with the irrigation system.

Pumps- both pumps fully operational.

Next meeting June 27, 2023 from 1:00 – 2:00 Craft room

1. **In the beds at the both ends of the park between Grayson & Camberly, remove the weeds in the beds along the sidewalk. The Ornamental Grasses were pruned and look good. These beds are candidates for Indian Hawthorn removal & enhancement.**

2. In the park between Grayson & Camberly near the pergola, weed the Ornamental Grasses beds & remove all vines.

3. In the bed with the statuary, remove all vines as they are covering the Indian Hawthorn.

4. In the same park, the turf is responding very well to Juniper's nutrition & treatment plans. Good Job!

5. Property-wide, treat all joint expansion crack weeds.

6. In the same area, remove all suckers from the Ornamental Trees.

7. **In the park area in the south ROW of Galindo & east of Egbert, prune out all dead material from the Schillings Holly.**

8. In the same beds, continue treatment of the Sago Palms, **remove volunteer Live Oaks & vines.**

9. In the same park, weed all beds, hand pulling larger weeds. Some beds are completely overgrown with weeds. (Pic 9)

10. In both SE parks & property-wide, detail the tree rings including weeding.

11. In the beds along Legacy on the pond banks, remove all weeds.

12. In the same areas, diagnose & treat the declining Indian Hawthorn. There are large areas of leaf die off.

Egbert, Wickham & South Entrance

13. In the park adjacent to Egbert & property-wide, remove all suckers & water shoots from the trees & lift all trees to the proscribed height.

14. In the same area & along all connecting paths, remove all large Brazilian Pepper Trees from the Viburnum hedges. Prune hedges as well.

15. In the new turf area next to 3072 Galindo, remove the stumps that are still present from when the bed was removed. They should have been removed months ago. (Pic 15)

16. Along the path to the north of lake that runs along Wickham, remove all suckers & water shoots from the trees.

17. In the same area, remove all vines & large weeds from the shrubs & hedges.

18. In the east ROW of Legacy south of the Amenities Center, diagnose & treat the stressed Viburnum hedge sections. Leaf necrosis and leaf drop are present.

19. In the same areas, remove all dead Ornamental Grasses.

20. At the Round About on Legacy, the Flax Lily are responding well to the nutrition plan. Good Job, Juniper. They are now showing the first signs of Tip Fungus. Confirm and treat as appropriate.

21. At the south entrance, detail all beds including weeding, setting strong bed lines, removing vines, removing volunteer palms & prune out all dead material. Also, remove dead Ornamental Grasses. (Pic 21)

22. At the south entrance & along the sidewalk on Wickham, there are multiple areas where the turf is dying. Diagnose & correct.

23. In the same area, detail all beds & tree rings, including removing weeds (some are over 3 feet tall), removing vines, setting strong bed lines. (Pic 23)

24. At the south entrance, the turf looks as healthy and thick as I have seen it in two years. Great job, Juniper! (Pic 24 >)

25. In the west ROW of Legacy just past the bridge, remove the large Brazilian Pepper tree growing out of the dwarf palms. It has grown to over ten feet tall.

South Entrance, Bancroft, Russ & Funston

26. In the west ROW of the south entrance, remove the Brazilian Pepper tree in the Thryallis.

27. Remove dead Cedar branch hanging up in west ROW of Legacy.

28. In the park bordered by Bancroft & the area in the west ROW of Bancroft, weed all beds (the weeds are taking over), remove vines, set strong bed lines & treat for insects. (Pic 28)

29. In these same areas, treat the Ornamental Grasses for Mites.

30. In the same park & property-wide, lift all trees over the sidewalks & roads to meet FDOT standards.

31. In the same park, prune all plants that are encroaching on the sidewalks. Included Ornamental Grasses, shrubs and smaller Palms.

32. In the south ROW of Gurrero at the north end of the park, treat the turf for new Sedge outbreaks.

33. At the Valencia entrance, weed beds, prune out dead material, remove dead plants & treat the Schilling's Holly.

34. In the park north of Carambola, weed the beds, remove all vines & set strong bed lines.

35. In the same park, diagnose & treat the turf near the sidewalks. It appears to be a fungus.

36. In the same park, prune the plants to achieve plant separation.

37. At the pump station across from the Amenities Center, prune the screening hedge as it is getting a bit out of control.

38. Along Legacy, remove all suckers & water shoots from the trees, including Ligustrums & Live Oaks.

39. In the park south of Russ, the Ornamental Grasses were pruned. Thank you. The dead material left from pruning & herbicide treatments needs to be removed. (Pic 39)

40. In this park & the one north of Funston, remove all weeds and vines.

Van Ness, Quint & Legacy

41. Along Legacy mostly in the east ROW, diagnose & treat the declining/dying Viburnum hedge sections. Looks like Cylindrocladium Leaf Spot.

42. Diagnose & treat the turf at the Catalina entrance.

43. Detail the beds, including weeding, vine removal, pruning and edging, in the west ROW of Legacy at the north entrance. There are 9 foot tall Brazilian Pepper Trees, 5-foot grasses & vines covering plants.

44. In the same area, prune the single Podocarpus adjacent to the electrical box & post. (Pic 44)

45. At the north entrance, detail the beds in the entrance monument island.

46. In the same area, prune the Ornamental Grasses as they are growing into the roadway and remove the dead units.

47. Detail the berm in the east ROW of Legacy at the north entrance.

48. Along both ROWs of Legacy and north of the Amenities Center, there are smaller patches of poor turf. Some spots have weeds and Sedge, and others are thinning. Improve the vigor & coverage of these areas.

49. In the east ROW of Legacy and just south of the north entrance, an Ornamental Tree has broken off and is a tripping hazard. Flush cut at 2 inches below grade and, it is my recommendation to fill the tree ring with turf. (Pic 49)

50. Along Legacy, the vendor left the clipping from plant pruning lying on the shrubs. Please, remove.

51. In the park south & east of Van Ness, remove the suckers from the Ornamental Trees. They are getting out of control.

52. In the same park, remove all vines, weeds (hand pulling the larger weeds), set strong bed lines & prune out dead plant material.

53. In the same park, its time to prune the Ixora. A light hand pruning is in order.

54. In the same area, remove all dead plant units and report to the DM the number.

55. At the park south of Quint, diagnose & treat the dying Ornamental Grasses for Mites.

56. In the same park, diagnose & treat the Schilling's Holly. Most likely it is Leaf Spot.

57. In the same park, diagnose & treat the Wax Myrtle & declining turf areas that are chlorotic and thinning.

Quint & Legacy

58. In the park south of Quint, diagnose & treat the Standard Holly as it has leaf yellowing & severe leaf drop.
59. Continue to take any corrective actions to improve the color, coverage & vigor of the turf in the park area in the NW corner of Le Conte & Pacheco. It looks better.
60. Property-wide, treat all active ant mounds.
61. At the neighborhood entrances, continue to remove all vines, weeds, & Vetch from the shrubs & hedges. Also, prune out all dead plant material.

MINUTES OF MEETING

Each person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

**HERITAGE ISLE AT VIERA
COMMUNITY DEVELOPMENT DISTRICT**

The regular meeting of the Board of Supervisors of Heritage Isle at Viera Community Development District was held on **May 23, 2023, at 10:30 p.m.** at the Brevard County Government Center, Florida Room, located at 2725 Judge Fran Jamieson Way, Viera, FL 32940.

Present and constituting a quorum:

Jay Williams	Board Supervisor, Chairman
Bob Goldstein	Board Supervisor, Vice Chairman <i>(via speakerphone)</i>
Kenneth Bonin	Board Supervisor, Assistant Secretary
Jon Smallegan	Board Supervisor, Assistant Secretary
Kenneth Walter	Board Supervisor, Assistant Secretary

Also present were:

Melissa Dobbins	District Manager, Rizzetta & Co., Inc.
Wes Haber	District Counsel, Kutak Rock LLP <i>(via speakerphone)</i>
Ana Saunders	District Engineer, BSE Consultants
Bryan Schaub	Rizzetta & Company, Inc. <i>(via speakerphone)</i>
Omar Lopez	BrightView Landscape
General Audience	Present <i>(in person & via speakerphone)</i>

FIRST ORDER OF BUSINESS

Call to Order

Ms. Dobbins called the meeting to order and called the roll. Quorum was established.

SECOND ORDER OF BUSINESS

Audience Comments

Ms. Dobbins opened the floor to audience comments. A request was made to conduct a thorough inspection of all the affected ponds to assess the extent of the debris and slime accumulation. Concerns regarding landscape maintenance.

THIRD ORDER OF BUSINESS

Community Updates

A. Brightview Community Update by Randy Preston

Randy provided information regarding the remaining tasks that are yet to be completed from the last inspection list but about 45% of the inspection report.

B. Monthly Report Update by Supervisor Ken Walter

Mr. Walter presented an overview of the deficiency issues encountered with Brightview over the past few months, providing historical context. Ken expressed concerns about a significant shift in their performance, citing a lack of staff to promptly complete assigned tasks. Ken highlighted the need for his personal involvement to ensure tasks are not neglected or overlooked. Based on his previous observations, he strongly advises the board to contemplate terminating the agreement with Brightview and initiating a bidding process for landscape maintenance services.

C. Joint Landscape Team Update and Minutes

D. Field Service Inspection Report By Bryan Schaub

Mr. Schaub reviewed his report under Tab 2 and observed that numerous items from January were still unresolved and remained outstanding.

1. Discussion/Consideration Regarding Juniper 6 Month Service Proposal

Ken provided an update suggesting that if the board wished to proceed with a 30-day termination notice for Brightview, Juniper has offered a 6-month service proposal to ensure the maintenance of the CDD areas during the transition period. This proposal would allow the District ample time to focus on preparing a public bid for a multi-year agreement as required.

Susan Chapman with Juniper Landscaping, presented their comprehensive services for a 6-month term, amounting approximately \$119,000. Susan further assured the board that Juniper Landscaping would provide an additional level of commitment by ensuring adherence to the agreed-upon schedule, including the provision of services on Saturdays.

Discussion ensued.

On Motion by Mr. Walter, seconded by Mr. Bonin, with all in favor, the Board of Supervisors approved to provide BrightView with a 30-day termination notice effective June 1, 2023, for Heritage Isle at Viera Community Development District.

On Motion by Mr. Walter, seconded by Mr. Bonin, with all in favor, the Board of Supervisors approved Juniper's six- month landscape maintenance proposal as amended, effective July 1, 2023, for Heritage Isle at Viera Community Development District.

On Motion by Mr. Williams, seconded by Mr. Walter, with all in favor, the Board of Supervisors approved District staff to work with Ken Walter to duly notice a Landscape & Irrigation Maintenance RFP to provide a 2 and 3 year term option, for Heritage Isle at Viera Community Development District.

85

86 *The Board moved to agenda item 5D.*

87

88 **FOURTH ORDER OF BUSINESS**

Update on Pressure Washing Sidewalks

89

90

91 Following a thorough discussion, the board directed staff to proceed with a comprehensive
92 pressure washing project for all CDD sidewalks. Additionally, they directed staff to maintain
93 the cleanliness of the sidewalks through hotspot cleaning in the future.

94

95 Ms. Saunders and Ms. Dobbins reviewed the pressure washing proposals that were
96 submitted for consideration at the March meeting. After careful deliberation, the board
97 unanimously approved moving forward with Blown away for the task of pressure washing
98 all CDD sidewalks, park benches, as well as providing rust removal services for Legacy Blvd
99 curbing. The approved budget for these services was set at a maximum limit of \$50,000.

100

On Motion by Mr. Williams, seconded by Mr. Bonin, with all in favor, the Board of Supervisors approved to move forward with Blown Away services, for Heritage Isle at Viera Community Development District.

101

102 *Mr. Goldstein left the meeting*

ELEVENTH ORDER OF BUSINESS

Staff Reports

A. District Counsel

Mr. Haber provided an update regarding new legislation that had been passed. According to the new regulations, all CDD board members are now required to complete a 4-hour course on ethics training, effective January 1st. It was further clarified that board members would have a full year to fulfill this requirement.

B. District Engineer

Ms. Saunders informed the board members that there are several ongoing issues that require attention and resolution. She mentioned that Phase 2 bridge/sidewalk area necessitates the removal of panels and the addition of soil. Ms. Saunders also highlighted the need for a drain to be installed on the sidewalk on Savoy. Furthermore, she reported that a long-term solution is still being sought for the sidewalk on Newhall Lane. Additionally, Ms. Saunders provided an update on her efforts to find a backdoor solution for turning off the irrigation valves, indicating that she is still actively working on it.

C. District Manager

Ms. Dobbins provided an update regarding the audit process. She informed the board that it is necessary to initiate the Request for Proposal process to secure an auditor for fiscal year 2023 audit. To facilitate this, she announced that the District's first audit committee meeting will be held during the next meeting. The purpose of this committee meeting is to will be to establish proposal criteria and select the criteria for evaluating potential auditors.

Ms. Dobbins reported that Brightview has acknowledged owing the District a credit for overcharging. The District has successfully received the credit.

Ms. Dobbins proposed to the board the idea of establishing a threshold spending amount that the district manager could approve for small repairs or maintenance items. The objective is to prevent any delays in addressing such matter between board meetings. Following through a discussion, the board authorized the district manager to approve minor repairs or maintenance items up to a maximum of \$2,500.

On Motion by Mr. Williams, seconded by Mr. Walter, with all in favor, the Board of Supervisors the board authorized the district manager to approve minor repairs or maintenance items up to a maximum of \$2,500, for Heritage Isle at Viera Community Development District.

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Heritage Isle at Viera Community Development District

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund of *Heritage Isle at Viera Community Development District* (the "District"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the District as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis starting on page 3, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated June 29, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Our discussion and analysis of the *Heritage Isle at Viera Community Development District's* (the "District") financial accomplishments provide an overview of the District's financial activities for the year ended September 30, 2022. Please read it in conjunction with the District's Independent Auditor's Report, financial statements and accompanying notes.

This information is being presented to provide additional information regarding the activities of the District and to meet the disclosure requirements of Government Accounting Standards Board Statement (GASB) No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* issued June 1999.

Financial Highlights

- The assets of the District exceeded its liabilities at September 30, 2022 by \$6,234,834, a decrease of \$782,863 in comparison with the prior year.
- At September 30, 2022, the District's governmental funds reported a combined fund balance of \$1,092,796, a decrease of \$99,507 in comparison with the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the *Heritage Isle at Viera Community Development District's* financial statements. The District's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include general government, physical environment, roads and streets, and culture and recreation related functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: Governmental Funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered to be major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

Statement of Net Position

The District's net position was \$6,234,834 at September 30, 2022. The following analysis focuses on the net position of the District's governmental activities.

Heritage Isle at Viera Community Development District
Management's Discussion and Analysis

The following is a summary of the District's governmental activities for the fiscal years ended September 30, 2022 and 2021.

	<u>2022</u>	<u>2021</u>
Revenues:		
Program revenues	\$ 1,362,768	\$ 1,360,694
General revenues	1,143	294
Total revenues	<u>1,363,911</u>	<u>1,360,988</u>
Expenses:		
General government	150,774	119,047
Physical environment	1,691,580	1,932,628
Roads and streets	7,594	68,156
Culture and recreation	13,738	36,941
Interest on long-term debt	283,088	295,042
Total expenses	<u>2,146,774</u>	<u>2,451,814</u>
Change in net position	(782,863)	(1,090,826)
Net position, beginning	7,017,697	8,108,523
Net position, ending	<u>\$ 6,234,834</u>	<u>\$ 7,017,697</u>

As noted above and in the statement of activities, the cost of all governmental activities during the year ended September 30, 2022 was \$2,146,774. The majority of these costs are comprised of physical environment expense and interest on long-term debt.

Financial Analysis of the Government's Funds

The District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The focus of the District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At September 30, 2022, the District's governmental funds reported combined ending fund balances of \$1,092,796. Of this total, \$19,623 is nonspendable, \$472,973 is restricted, \$211,185 is assigned and the remainder of \$389,015 is unassigned.

The fund balance of the general fund decreased by \$96,964 in the current year, this was primarily due to increased expenditures in the current year. The debt service fund balance increased by \$6,042, due to assessment revenues exceeding debt payments. The capital projects fund balance decreased \$8,585 and was closed out.

General Fund Budgetary Highlights

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. There was one amendment to the September 30, 2022 general fund budget. The legal level of budgetary control is at the fund level.

Capital Asset and Debt Administration

Capital Assets

At September 30, 2022, the District had \$12,426,091 invested in infrastructure, net of accumulated depreciation. More detailed information about the District's capital assets is presented in the notes to financial statements.

Capital Debt

At September 30, 2022, the District had \$7,120,000 in bonds outstanding. More detailed information about the District's capital debt is presented in the notes to financial statements.

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources; however, in the statement of net position the cost of those assets is recorded as capital assets. Depreciation of capital assets is not recognized in the governmental fund statements but is reported as an expense in the statement of activities.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The *Heritage Isle at Viera Community Development District*, (the "District") was established by Brevard County Ordinance 04-12 enacted on March 24, 2004, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides, among other things, the power to manage basic services for community development, the power to borrow money and issue bonds, and the power to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure. The District was established for the purpose of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors (the "Board"), which is composed of five members. The Board of Supervisors of the District exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for, among other things:

1. Allocating and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements 14, 39 and 61. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

Government-Wide and Fund Financial Statements

The financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants, contributions and investment income that are restricted to meeting the operational or capital requirements of a particular function or segment and 3) operating-type special assessments that are treated as charges for services (including assessments for maintenance and debt service). Other items not included among program revenues are reported instead as *general revenues*.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments, including debt service assessments and operation and maintenance assessments, are non-ad valorem assessments imposed on all lands located within the District and benefited by the District's activities. Operation and maintenance assessments are typically levied by the District prior to the start of the fiscal year which begins October 1st and ends on September 30th. Operation and maintenance special assessments are imposed upon all benefited lands located in the District. Debt service special assessments are imposed upon certain lots and lands as described in each resolution imposing the special assessment for each series of bonds issued by the District.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The general fund, debt service fund and capital projects fund are considered to be major funds. The District reports the following governmental funds:

General Fund - Is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Fund - Accounts for the accumulation of resources for the annual payment of principal and interest on long-term debt.

Capital Projects Fund - Accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

Restricted Assets

These assets represent cash and investments set aside pursuant to bond covenants.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits.

Investments of the District are reported at fair value and are categorized within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The District's investments consist of investments authorized in accordance with Section 218.415, Florida Statutes.

Receivables

All receivables are shown net of allowance for uncollectible accounts.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., stormwater facilities, sidewalks and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Stormwater facilities	25
Reuse distribution facilities	25
Landscape and hardscape facilities	15
Hoover pump	25
Pedestrian Bridge	25
Lease assets	13

Long Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are reported as expenses. Bonds payable are reported net of premiums or discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any item that qualifies for reporting in this category for the year ended September 30, 2022.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District does not have any item that qualifies for reporting in this category for the year ended September 30, 2022.

Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes fund balance amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The Board of Supervisors is the highest level of decision-making authority for the government that can, by adoption of an ordinance or resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance or resolution remains in place until a similar action is taken to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The Board of Supervisors has authorized the District Manager to assign amounts for specific purposes. The Board of Supervisors may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above an additional action is essential to either remove or revise a commitment.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

New Accounting Standards

In fiscal year 2022, the District has implemented Government Accounting Standards Board (GASB) Statement No. 87, *Leases*. This statement increases the usefulness of government's financial statements by requiring recognition of certain lease assets and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It also establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use the underlying asset. As a result of implementation, beginning fund balance of the general fund was decreased \$98,839 and prepaids in the general fund were reduced \$98,839. Prepaids in governmental activities were reclassified to leased assets.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The District is required to establish a budgetary system and an approved annual budget for the General Fund. Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at the fiscal year end. The legal level of budgetary control is at the fund level. Any budget amendments that increase the aggregate budgeted appropriations, at the fund level, must be approved by the Board of Supervisors.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
2. A public hearing is conducted to obtain comments.
3. Prior to October 1, the budget is legally adopted by the District Board.
4. All budget changes must be approved by the District Board.
5. The budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
6. The appropriation resolution authorizes District staff to initiate budget reclassifications.

NOTE 3 DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable, and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

The District has the following recurring fair value measurements as of September 30, 2022:

- Money market mutual funds of \$472,973 are valued using Level 2 inputs.

The District's investment policies are governed by State Statutes and the District Trust Indentures. The District investment policy allows investments in any financial institution that is a qualified public depository of the State of Florida as identified by the State Treasurer, in accordance with Chapter 280 of the Florida Statutes. Authorized District investments include, but are not limited to:

1. The Local Government Surplus Funds Trust Fund (SBA);
2. Securities and Exchange Commission Registered Money Market Funds with the highest credit quality rating from a nationally recognized rating agency;
3. Interest-bearing time deposits or savings accounts in qualified public depositories;
4. Direct obligations of the U.S. Treasury.

The SBA is not a registrant with the Securities and Exchange Commission (SEC); however, the Board has adopted operating procedures consistent with the requirements for a 2a-7-like fund for the Florida Prime Fund. Therefore, the pool account balance can be used as fair value for financial reporting.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

Investments made by the District at September 30, 2022 are summarized below.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Credit Rating</u>	<u>Weighted Average Maturity</u>
First American Treasury Obligations Fund Z	\$ 472,973	AAAm	3 days
Local Government Investment Pool:			
Florida Prime	156	AAAm	21 days
	<u>\$ 473,129</u>		

Credit Risk

The District's investment policy limits credit risk by restricting authorized investments to those described. Investments in U.S. Government securities and agencies must be backed by the full faith and credit of the United States Government. Short term bond funds shall be rated by a nationally recognized ratings agency and shall maintain the highest credit quality rating.

Custodial Credit Risk

In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2022, all of the District's bank deposits were in qualified public depositories.

For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2022, none of the investments listed are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk

The District's investment policy does not specify limits on the amount the District may invest in any one issuer.

Interest Rate Risk

The District's investment policy does not specifically address interest rate risk; however, the general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and in general, avoid speculative investments. The District manages its exposure to declines in fair values by investing primarily in pooled investments that have a weighted average maturity of less than three months.

NOTE 4 LEASES

In a previous fiscal year, the District entered into a lease agreement with Florida Power & Light Company to lease street lights. The lease was prepaid by the District in the amount of \$158,142 for twenty years. As a result of the lease, the City has recorded a right to use asset with a net book value of \$90,932 as of September 30, 2022. Amortization of the lease totaled \$7,907 for the current year and is included in physical environment expense.

NOTE 5 CAPITAL ASSETS

NOTE 6 LONG-TERM LIABILITIES

Special Assessment Revenue Refunding Bonds Series 2013 - Public Offering

In March 2013, the District issued \$4,460,000 of Special Assessment Revenue Refunding Bonds Series 2013, consisting of \$4,010,000 Series 2013A-1 Bonds due on May 1, 2035 with interest rates of 1.10% to 4.375% and \$450,000 Series 2013A-2 Bonds due on May 1, 2035 with interest rates of 5.0% to 5.5%. The Bonds were issued to refund the Series 2004A Special Assessment Revenue Bonds.

Interest is to be paid semiannually on each May 1 and November 1. Principal on the Series 2013A Bonds is to be paid annually commencing November 1, 2013 through May 1, 2035.

The Series 2013A-1 and Series 2013A-2 Bonds are subject to redemption at the option of the District, in whole or in part at any time on or after May 1, 2023 at a redemption price as set forth in the Bond Indenture. The Series 2013A-1 and Series 2013A-2 Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occur as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with those requirements of the Bond Indenture at September 30, 2022.

The principal and interest remaining on the Series 2013 Bonds as of September 30, 2022 is \$4,090,661. For the year ended September 30, 2022, principal and interest paid was \$308,661 and total special assessment revenue pledged was \$314,951.

Special Assessment Revenue Refunding Bonds Series 2017- Public Offering

In July 2017, the District issued \$4,975,000 of Special Assessment Revenue Refunding Bonds Series 2017, consisting of \$2,290,000 serial bonds due on May 1, 2028 with an interest rate of 4%; \$1,095,000 term bonds due May 1, 2032 with interest at 3.2%; and \$1,590,000 term bonds due on May 1, 2037 with interest at 3.4%. The Bonds were issued to refund the Series 2005 Special Assessment Revenue Bonds.

Interest is to be paid semiannually on each May 1 and November 1. Principal on the Series 2017 Bond is to be paid annually commencing November 1, 2017 through May 1, 2037.

The Series 2017 Bond is subject to redemption at the option of the District, in whole or in part at any time on or after May 1, 2037 at a redemption price as set forth in the Bond Indenture. The Series 2017 Bond is subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occur as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with those requirements of the Bond Indenture at September 30, 2022.

The principal and interest remaining on the Series 2017 Bonds as of September 30, 2022 is \$5,258,890. For the year ended September 30, 2022 principal and interest paid was \$351,900. Total special assessment revenue pledged for the year was \$349,380.

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

Long-term debt activity for the year ended September 30, 2022 was as follows:

NOTE 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance from independent third parties. The District has not filed any claims under this commercial coverage during the last three years.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors
Heritage Isle at Viera Community Development District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the *Heritage Isle of Viera Community Development District* (the "District") as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's financial statements and have issued our report thereon dated June 29, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Supervisors
Heritage Isle at Viera Community Development District

We have audited the financial statements of the *Heritage Isle at Viera Community Development District* (the "District"), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 29, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 29, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information (Unaudited)

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the District reported:

- a. The total number of District employees compensated in the last pay period of the District's fiscal year as 0.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the District's fiscal year as 2.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as not applicable.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$5,194.

- e. The District did not have any construction projects with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported.
- f. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final budget under Section 189.016(6), Florida Statutes, as included in the general fund budget statement.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District as:

- b. The total amount of special assessments collected by or on behalf of the District as \$1,360,496.
- c. The total amount of outstanding bonds issued by the District and the terms of such bonds as disclosed in the notes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES**

Board of Supervisors
Heritage Isle at Viera Community Development District

We have examined *Heritage Isle at Viera Community Development District's* (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

MEMORANDUM

TO: HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT
BOARD OF SUPERVISORS

FROM: WESLEY S. HABER

DATE: MARCH 13, 2023

RE: PUBLIC RECORDS RETENTION

The purpose of this memorandum and attached resolutions are to update and/or establish the District's Records Retention Policy, including to reflect management of transitory messages and establishment that the electronic record is considered the official record.

The District essentially has two options to ensure compliance with applicable Records Retention laws.

First, the District can adopt the Florida Records Retention Schedules modified to ensure the District is also retaining the records required by federal law and the trust indenture. This option allows for the timely destruction of records while ensuring that the District's policy is in compliance with state and federal laws. Kutak Rock has prepared a resolution that implements this option, and it is attached hereto as **Option 1**.

Second, a District can adopt the Florida Records Retention Schedules as written and adopt a policy that states that the District will not be destroying any records at this point in time, with the exception of Transitory Messages. Kutak Rock has prepared a resolution that implements this option, and it is attached hereto as **Option 2**.

It is important to note that the District could change its Records Retention policy at a later date so long as the District's amendment was consistent with the notice and hearing provisions found in Chapter 190.

OPTION 1

RESOLUTION 2023-05 A

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT PROVIDING FOR THE APPOINTMENT OF A RECORDS MANAGEMENT LIAISON OFFICER; PROVIDING THE DUTIES OF THE RECORDS MANAGEMENT LIAISON OFFICER; ADOPTING A RECORDS RETENTION POLICY; DETERMINING THE ELECTRONIC RECORD TO BE THE OFFICIAL RECORD; AND PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the Heritage Isle at Viera Community Development District (the "District") is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*; and

WHEREAS, Chapter 190, *Florida Statutes*, authorizes the District to adopt rules to govern the administration of the District and to adopt resolutions as may be necessary for the conduct of District business; and

WHEREAS, Section 257.36(5), *Florida Statutes*, requires the District to establish and maintain an active and continuing program for the economical and efficient management of records and to provide for the appointment of a records management liaison officer ("Records Management Liaison Officer"); and

WHEREAS, the District desires for the Records Management Liaison Officer to be an employee of the District or an employee of the District Manager; and

WHEREAS, the District desires to authorize the District's records custodian to appoint a Records Management Liaison Officer, which may or may not be the District's records custodian; and

WHEREAS, the District desires to prescribe duties of the Records Management Liaison Officer and provide for the assignment of additional duties; and

WHEREAS, the District's Board of Supervisors ("Board") finds that it is in the best interests of the District to adopt by resolution a Records Retention Policy (the "Policy") for immediate use and application; and

WHEREAS, the District desires to provide for future amendment of the Records Retention Policy.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. The District hereby authorizes the District's records custodian to appoint a Records Management Liaison Officer and report such appointment to the appropriate State of Florida agencies. A Records Management Liaison Officer shall be an employee of the District or the District Manager. The Board, and the District's records custodian, shall each have the

individual power to remove the Records Management Liaison Officer at any time for any reason. Immediately following the removal or resignation of a Records Management Liaison Officer, the District's records custodian shall appoint a replacement Records Management Liaison Officer.

SECTION 2. The duties of the Records Management Liaison Officer shall include the following:

- A.** Serve as the District's contact with the Florida Department of State, State Library and Archives of Florida;
- B.** Coordinate the District's records inventory;
- C.** Maintain records retention and disposition forms;
- D.** Coordinate District records management training;
- E.** Develop records management procedures consistent with the attached Records Retention Policy, as amended;
- F.** Participate in the development of the District's development of electronic record keeping systems;
- G.** Submit annual compliance statements;
- H.** Work with the Florida Department of State, State Library and Archives of Florida to establish individual retention schedules for the District, from time to time and as may be necessary; and
- I.** Such other duties as may be assigned by the Board or the District's records custodian in the future.

SECTION 3. The District hereby adopts as its Records Retention Policy the applicable provisions of Section 257.36(5), *Florida Statutes*, the rules adopted by the Division of Library and Information Services of the Department of State ("Division") pursuant to Section 257.36, *Florida Statutes*, and the General Records Schedules established by the Division. However, the District will retain certain records longer than required by the General Records Schedules established by the Division as set forth in **Exhibit A**. To the extent the above statute, rules or schedules are amended or supplemented in the future, the District's Records Retention Policy shall automatically incorporate such amendment or supplement provided that such automatic amendment shall not reduce the retention times set forth in **Exhibit A**. The Records Retention Policy shall remain in full force and effect until such time as the Board amends the Policy.

SECTION 4. In accordance with section 668.50, Florida Statutes, and section 119.01, Florida Statutes, the Board finds that the electronic record shall be considered the official record and any paper originals are hereby duplicates which may be disposed of unless required to be preserved by any applicable statute, rule or ordinance.

SECTION 5. If any provision of this resolution is held to be illegal or invalid, the other provisions shall remain in full force and effect.

SECTION 6. This resolution shall become effective upon its passage; shall replace, supplant, and supersede any prior policy or resolution of the District regarding records retention; and shall remain in effect unless rescinded or repealed.

PASSED AND ADOPTED this 22nd day of AUGUST 2023.

RESOLUTION 2023-05 B

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT PROVIDING FOR THE APPOINTMENT OF A RECORDS MANAGEMENT LIAISON OFFICER; PROVIDING THE DUTIES OF THE RECORDS MANAGEMENT LIAISON OFFICER; ADOPTING A RECORDS RETENTION POLICY; DETERMINING THE ELECTRONIC RECORD TO BE THE OFFICIAL RECORD; AND PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the Heritage Isle at Viera Community Development District (“District”) is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*; and

WHEREAS, Chapter 190, *Florida Statutes*, authorizes the District to adopt rules to govern the administration of the District and to adopt resolutions as may be necessary for the conduct of District business; and

WHEREAS, Section 257.36(5), *Florida Statutes*, requires the District to establish and maintain an active and continuing program for the economical and efficient management of records and to provide for the appointment of a records management liaison officer (“Records Management Liaison Officer”); and

WHEREAS, the District desires for the Records Management Liaison Officer to be an employee of the District or an employee of the District Manager; and

WHEREAS, the District desires to authorize the District’s records custodian to appoint a Records Management Liaison Officer, which may or may not be the District’s records custodian; and

WHEREAS, the District desires to prescribe duties of the Records Management Liaison Officer and provide for the assignment of additional duties; and

WHEREAS, the District’s Board of Supervisors (“Board”) finds that it is in the best interests of the District to adopt by resolution a Records Retention Policy (the “Policy”) for immediate use and application; and

WHEREAS, the District desires to provide for future amendment of the Records Retention Policy.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. The District hereby authorizes the District’s records custodian to appoint a Records Management Liaison Officer and report such appointment to the appropriate State of Florida agencies. A Records Management Liaison Officer shall be an employee of the District or the District Manager. The Board, and the District’s records custodian, shall each have the

individual power to remove the Records Management Liaison Officer at any time for any reason. Immediately following the removal or resignation of a Records Management Liaison Officer, the District's records custodian shall appoint a replacement Records Management Liaison Officer.

SECTION 2. The duties of the Records Management Liaison Officer shall include, but not be limited to, the following:

- A. Serve as the District's contact with the Florida Department of State, State Library and Archives of Florida;
- B. Coordinate the District's records inventory;
- C. Maintain records retention and disposition forms;
- D. Coordinate District records management training;
- E. Develop records management procedures consistent with the attached Records Retention Policy, as amended;
- F. Participate in the District's development of electronic record keeping systems.
- G. Submit annual compliance statements;
- H. Work with the Florida Department of State, State Library and Archives of Florida to establish individual retention schedules for the District, from time to time and as may be necessary; and
- I. Such other duties as may be assigned by the Board or the District's records custodian in the future.

SECTION 3. The District hereby adopts as its Records Retention Policy the applicable provisions of Section 257.36(5), *Florida Statutes*, the rules adopted by the Division of Library and Information Services of the Department of State ("Division") pursuant to Section 257.36, *Florida Statutes*, and the General Records Schedules established by the Division. However, the District hereby extends the minimum retention guidelines contained in the General Records Schedules so that the District will retain all public records relating to District business until the Board of Supervisors amends the Records Retention Policy to address the disposition of the same. Notwithstanding the foregoing, the District shall only retain Transitory Messages until the Transitory Message is obsolete, superseded or administrative value is lost in accordance with *the General Records Schedule for State and Local Government Agencies, Item #146*, as incorporated by reference in Rule 1B-24.003(1)(a), Florida Administrative Code. To the extent the above statute, rules, or schedules are amended or supplemented in the future, the District's Records Retention Policy shall automatically incorporate such amendment or supplement provided that such automatic change does not permit the disposition of District records without further action of the Board. The Records Retention Policy shall remain in full force and effect until such time as the Board amends the Policy.

SECTION 4. In accordance with section 668.50, Florida Statutes, and section 119.01, Florida Statutes, the Board finds that the electronic record shall be considered the official record and any paper originals are hereby duplicates which may be disposed of unless required to be preserved by any applicable statute, rule or ordinance.

SECTION 5. If any provision of this resolution is held to be illegal or invalid, the other provisions shall remain in full force and effect.

SECTION 6. This resolution shall become effective upon its passage; shall replace, supplant, and supersede any prior policy or resolution of the District regarding records retention; and shall remain in effect unless rescinded or repealed.

RESOLUTION 2023-06

THE ANNUAL APPROPRIATION RESOLUTION OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT (“DISTRICT”) RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2023 AND ENDING SEPTEMBER 30, 2024; AUTHORIZING BUDGET AMENDMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager has, prior to the fifteenth (15th) day in June, 2023, submitted to the Board of Supervisors (“**Board**”) of the Heritage Isle at Viera Community Development District (“**District**”) proposed budget (“**Proposed Budget**”) for the fiscal year beginning October 1, 2023 and ending September 30, 2024 (“**Fiscal Year 2023/2024**”) along with an explanatory and complete financial plan for each fund of the District, pursuant to the provisions of Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, at least sixty (60) days prior to the adoption of the Proposed Budget, the District filed a copy of the Proposed Budget with the local governing authorities having jurisdiction over the area included in the District pursuant to the provisions of Section 190.008(2)(b), *Florida Statutes*; and

WHEREAS, the Board set a public hearing thereon and caused notice of such public hearing to be given by publication pursuant to Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, the District Manager posted the Proposed Budget on the District’s website at least two days before the public hearing; and

WHEREAS, Section 190.008(2)(a), *Florida Statutes*, requires that, prior to October 1st of each year, the Board, by passage of the Annual Appropriation Resolution, shall adopt a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year; and

WHEREAS, the District Manager has prepared a Proposed Budget, whereby the budget shall project the cash receipts and disbursements anticipated during a given time period, including reserves for contingencies for emergency or other unanticipated expenditures during the fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BUDGET

- a. The Board has reviewed the Proposed Budget, a copy of which is on file with the office of the District Manager and at the District’s Local Records Office, and hereby approves certain amendments thereto, as shown in Section 2 below.

- b. The Proposed Budget, attached hereto as **Exhibit A**, as amended by the Board, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), *Florida Statutes* ("**Adopted Budget**"), and incorporated herein by reference; provided, however, that the comparative figures contained in the Adopted Budget may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues and expenditures.
- c. The Adopted Budget, as amended, shall be maintained in the office of the District Manager and at the District's Local Records Office and identified as "The Budget for the Heritage Isle at Viera Community Development District for the Fiscal Year Ending September 30, 2024."
- d. The Adopted Budget shall be posted by the District Manager on the District's official website within thirty (30) days after adoption and shall remain on the website for at least 2 years.

SECTION 2. APPROPRIATIONS

There is hereby appropriated out of the revenues of the District, for Fiscal Year 2023/2024, the sum of \$_____ to be raised by the levy of assessments and/or otherwise, which sum is deemed by the Board to be necessary to defray all expenditures of the District during said budget year, to be divided and appropriated in the following fashion:

TOTAL GENERAL FUND	\$_____
DEBT SERVICE FUND – SERIES 2013A-1	\$_____
DEBT SERVICE FUND – SERIES 2013A-2	\$_____
DEBT SERVICE FUND – SERIES 2017	\$_____
TOTAL ALL FUNDS	\$_____

SECTION 3. BUDGET AMENDMENTS

Pursuant to Section 189.016, *Florida Statutes*, the District at any time within Fiscal Year 2023/2024, or within 60 days following the end of the Fiscal Year 2023/2024, may amend its Adopted Budget for that fiscal year as follows:

- a. A line-item appropriation for expenditures within a fund may be decreased or increased by motion of the Board recorded in the minutes, and approving the expenditure, if the total appropriations of the fund do not increase.

- b. The District Manager or Treasurer may approve an expenditure that would increase or decrease a line-item appropriation for expenditures within a fund if the total appropriations of the fund do not increase and if either (i) the aggregate change in the original appropriation item does not exceed the greater of \$15,000 or 15% of the original appropriation, or (ii) such expenditure is authorized by separate disbursement or spending resolution.
- c. Any other budget amendments shall be adopted by resolution and consistent with Florida law.

The District Manager or Treasurer must ensure that any amendments to the budget under paragraph c. above are posted on the District's website within 5 days after adoption and remain on the website for at least 2 years.

SECTION 4. EFFECTIVE DATE. This Resolution shall take effect immediately upon adoption.

RESOLUTION 2023-07

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT MAKING A DETERMINATION OF BENEFIT AND IMPOSING SPECIAL ASSESSMENTS FOR FISCAL YEAR 2023/2024; PROVIDING FOR THE COLLECTION AND ENFORCEMENT OF SPECIAL ASSESSMENTS; CERTIFYING AN ASSESSMENT ROLL; PROVIDING FOR AMENDMENTS TO THE ASSESSMENT ROLL; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Heritage Isle at Viera Community Development District ("**District**") is a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, for the purpose of providing, operating and maintaining infrastructure improvements, facilities and services to the lands within the District; and

WHEREAS, the District is located in Brevard County, Florida ("**County**"); and

WHEREAS, the District has constructed or acquired various infrastructure improvements and provides certain services in accordance with the District's adopted capital improvement plan and Chapter 190, *Florida Statutes*; and

WHEREAS, the Board of Supervisors ("**Board**") of the District hereby determines to undertake various operations and maintenance and other activities described in the District's budget ("**Adopted Budget**") for the fiscal year beginning October 1, 2023 and ending September 30, 2024 ("**Fiscal Year 2023/2024**"), attached hereto as **Exhibit "A"** and incorporated by reference herein; and

WHEREAS, the District must obtain sufficient funds to provide for the operation and maintenance of the services and facilities provided by the District as described in the Adopted Budget; and

WHEREAS, the provision of such services, facilities, and operations is a benefit to lands within the District; and

WHEREAS, Chapter 190, *Florida Statutes*, provides that the District may impose special assessments on benefitted lands within the District; and

WHEREAS, it is in the best interests of the District to proceed with the imposition of the special assessments for operations and maintenance in the amount set forth in the Adopted Budget; and

WHEREAS, the District has previously levied an assessment for debt service, which the District desires to collect for Fiscal Year 2023/2024; and

WHEREAS, Chapter 197, *Florida Statutes*, provides a mechanism pursuant to which such special assessments may be placed on the tax roll and collected by the local tax collector ("**Uniform Method**"), and the District has previously authorized the use of the Uniform Method by, among other things, entering into agreements with the Property Appraiser and Tax Collector of the County for that purpose; and

WHEREAS, it is in the best interests of the District to adopt the Assessment Roll of the Heritage Isle at Viera Community Development District ("**Assessment Roll**") attached to this Resolution as **Exhibit "B"** and incorporated as a material part of this Resolution by this reference, and to certify the Assessment Roll to the County Tax Collector pursuant to the Uniform Method; and

WHEREAS, it is in the best interests of the District to permit the District Manager to amend the Assessment Roll, certified to the County Tax Collector by this Resolution, as the Property Appraiser updates the property roll for the County, for such time as authorized by Florida law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HERITAGE ISLE AT VIERA COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BENEFIT & ALLOCATION FINDINGS. The Board hereby finds and determines that the provision of the services, facilities, and operations as described in **Exhibit "A"** confers a special and peculiar benefit to the lands within the District, which benefit exceeds or equals the cost of the assessments. The allocation of the assessments to the specially benefitted lands, as shown in **Exhibits "A" and "B,"** is hereby found to be fair and reasonable.

SECTION 2. ASSESSMENT IMPOSITION. Pursuant to Chapter 190, *Florida Statutes*, and using the procedures authorized by Florida law for the levy and collection of special assessments, a special assessment for operation and maintenance is hereby imposed and levied on benefitted lands within the District, and in accordance with **Exhibits "A" and "B."** The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution.

SECTION 3. COLLECTION. The collection of the operation and maintenance special assessments and previously levied debt service assessments shall be at the same time and in the same manner as County taxes in accordance with the Uniform Method, as indicated on **Exhibits "A" and "B."** The decision to collect special assessments by any particular method – e.g., on the tax roll or by direct bill – does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

SECTION 4. ASSESSMENT ROLL. The Assessment Roll, attached to this Resolution as **Exhibit "B,"** is hereby certified to the County Tax Collector and shall be collected by the County

Tax Collector in the same manner and time as County taxes. The proceeds therefrom shall be paid to the District.

SECTION 5. ASSESSMENT ROLL AMENDMENT. The District Manager shall keep apprised of all updates made to the County property roll by the Property Appraiser after the date of this Resolution, and shall amend the Assessment Roll in accordance with any such updates, for such time as authorized by Florida law, to the County property roll. After any amendment of the Assessment Roll, the District Manager shall file the updates in the District records.

SECTION 6. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

SECTION 7. EFFECTIVE DATE. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board.

PASSED AND ADOPTED this 22nd day of August, 2023.
